4 Military in our streets, masked agents disappearing our
5 fellow workers, social programs gutted, health care and food aid
6 in peril: Where have Americans seen this before?

7 Oh, yes: in the governments the U.S. has foisted on other
8 peoples around the world over the past century, from Chile to
9 Vietnam, from Guatemala to Iran.

11 created coups and supported bloody dictators. Well, we should

16 export tyranny and hope to have democracy at home?

17 Here's a thought: Our government and taxes support the
18 genocide in Gaza. Should that scare the hell out of us? Is Gaza
19 the future our rulers have in mind for our children?
