4 Following is a joint statement from the Vermont Afghan
5 Alliance and the Central Vermont Refugee Action Network on the
6 proposed action regarding refugees:

7 The latest proposed action from the presidential
8 administration regarding refugees is a truly disheartening one.
9 What the administration describes — a reopening and review by
10 U.S. Citizenship and Immigration Services (USCIS) of over
11 200,000 refugee cases dating from January 2021 to February of

12 this year — would be devastating to a group in this country that
13 has already been faced with mounting challenges this year.

14 Refugees, after leaving their homes due to any number of
15 destabilizing factors, including war and persecution, receive a
16 tremendous amount of vetting before entering the United States,
17 providing little legitimate basis for a blanket review such as the
18 one outlined by USCIS.

19 Moving forward with this action would not only be a
20 highly impractical use of government resources, it would also
21 send hundreds of thousands of people in this country into a place
22 of uncertainty and fear, with extreme consequences for those
23 who do not meet the government's new standards.

24 As organizations dedicated to serving the refugee
25 population in Vermont, we are deeply opposed to this proposed
26 action. We will continue to work alongside refugees, who have
27 only made our communities stronger and more vibrant.
